

MONTHLY NEWSLETTER & *Current Events*

Issue: July 2018

Vol 2018-07

From the President's Desk

Dear Members;

I hope everyone has had a nice month of modeling! These very hot and humid days, sometimes you just want to stay in the house with the AC on and taking it easy at the workbench.. how nice that is. Anyway, we have been busy at several items going on concerning BOH. The first is a day to measure the rooms at the hotel. We are scheduled for 7/28 at 10:00 AM to be at the hotel and take measurements. I know that some of you have volunteered to be there and help out. That is great and look forward to seeing you.

Secondly, we do have a block of rooms for our show. The block of rooms are available using the following:

Booking Link: Butch O'Hare Modelers Class

Booking Code: BOM

If you have a problem booking, just contact the hotel at: 630-773-2342

We are very proud of Kevin Stover receiving the Chapter Newsletter of the year. More on that later in the newsletter. During the August meeting, our theme is anything Vietnam. It should be an interesting night for models as there is certainly many subjects to choose from. So, take a look and bring what you have or what you are working on and bring it to the meeting.

The BOH show is 91 days and counting. Are you working on anything for the show? We have our seminars set up and I am really looking forward to these guys:

Read Schuchardt: Building the Star Wars Y-Wing fighter and research. What really went into the movie prop?

Kevin Stover: Realistic Gloss Finishes for your aircraft. How do you achieve it?

William Vinikour: Building award winning dinosaurs, zombies, and monsters! See and learn Bill's tricks and techniques.

Thanks to all who help set up and take down tables at the meeting. I really appreciate that help. I could use a few more guys prior to the meeting start to help out with set up. We haven't had a seminar at the meeting in a while. I am looking for volunteers to

conduct a seminar for the club meetings. It can be any model related program and doesn't have to be very long. Maybe 15 to 20 min. Let me know if your interested in this so we can plan accordingly.

That's it for now, see you at the meeting.

Frank C.

DEBRIEF FOR CLUB MEETING ON 6-13-18

Frank started the meeting off the meeting by announcing that on Sat. July 28 at around 10:00 AM, there is going to be a mapping out of the "Vendor Table" area at the Holiday Inn. He asked for volunteers to help, only a couple of members are necessary.

Also, there are some room(s) reserved for the Friday night before the contest for people that wish to stay overnight for the contest on Saturday. Costs and reservation code will be coming up.

Report on Nimcom show: a few of our members were there, although the model count looked to be down a little bit. The high point for us, even though we were not a major participant, was the announcement that, once again, Kevin Stover, has been awarded the IPMS 2017, "Newsletter of the Year" (see pg11) for our Butch O'Hare's newsletter. This is actually the second time that his contribution to the club has been recognized in this way. As best I can remember, the first one came about 10 years ago, give or take a century. So, we congratulate him (again!), as its unusual, to pull down two of these in a lifetime.

Hector asked to meet him after the meeting to pay your dues.

Frank Ciccarella — 1/35 Siege Mortar

Don Grajek— 1/700 Japanese Battleships

Ihor – Heinkel He-70 Blitz

George—1/18 Harrier

Steve Day—New Iwata Airbrush

Region 5 Newsletter of the Year Award

During the meetings leading up to Jan 1, 2018, we knew that Kevin Stover was stepping down as the newsletter Editor. While Kevin was editor of the newsletter, he produced some great newsletters taking us from tips and techniques, to museum views. The newsletter was looked forward to every month by all members. Members across the IPMS Region 5 also looked forward to receiving the newsletter and seeing what the BOH club was up to. This award is a reflection of the effort put into the newsletter by Kevin and those who submitted articles and pictures. Producing a newsletter every month is no easy task and is probably one of the hardest jobs in the club. Please join me in congratulating Kevin for a job well done, and we will be giving his award to him at the August meeting.

Frank C.

Upcoming Events

8/5 - GTR 2018 NL: Crystal Lake

8/25- Modelfest 2018, Liberty MO

9/8- 13th Annual Model Fest and Swap Meet, St. Louis

9/15 - Leavenworth Model Show, Leavenworth, KS

11/10—BOH 36th Annual Contest—Make sure you see the flyer for our November contest on the next page!

IPMS Calendar <https://calendar.ipmsusa3.org/all-events>

IPMS Region 5 News

1) The **2019** regional will be in Madison, WI, on March 2. Stay tuned for more details as we get closer in.

2) Speaking of Regional Contests, for each of the past two years, only one club has submitted a bid for the regional contest. That's pretty sad. Please bring up hosting a Regional at your upcoming club meetings. They are a great way to increase contest sizes, vendor interest and club membership.

3) The US Nationals are coming up in August in Phoenix.

That's it for now.

Happy Modeling!

Jim Coatney

IPMS/USA Region 5

IPMS / USA

IPMS / USA membership qualifies you to participate in IPMS/USA sanctioned contests, particularly our world-famous National Convention, held each summer. As a member, you'll also be able to access our online discussion boards, where a wide variety of modeling topics are discussed, and enjoy interaction with other serious modelers for help with questions about modeling techniques or IPMS in general. Many hobby shops and model vendors around the country offer discounts to IPMS/USA members.

Memberships are available in several ways:

Junior- 17 years or younger, \$17 per year

Adult - \$30 for 1 year, \$58 for 2 years, \$86 for 3 years.

Family - \$35 Adult membership 1 year plus \$5 for multiple cards.

Download the application from IPMS/USA and mail today! <http://www.shopipmsusa.org/category-s/100.htm>

At the July meeting there were some questions about air brush function & techniques. So this month I will reintroduce a site about air brushes and others for general modeling techniques.

Tips & Techniques

- [IPMS Seattle](#)
- [Michigan Toy Soldier index to Articles. This contains product reviews, builds, tips & techniques.](#)
- [Paul Budzik Youtube site that has all of his tips & techniques](#)

OR [you can visit his web site.](#)

AIRBRUSH

- For Airbrush reviews or tips, You won't beat [Dons's Airbrush site](#)

Lastly.....

A nice web article about the [RA-5C Vigilante](#)

History

- **Apollo11 mission anniversary** , interesting article about a little known story during their recovery.

<http://libertyyes.homestead.com/Hank-Brandli-25.html>

Eye Candy

[Web article about Nellis Aggressors; Text in French but GREAT pics!](#)

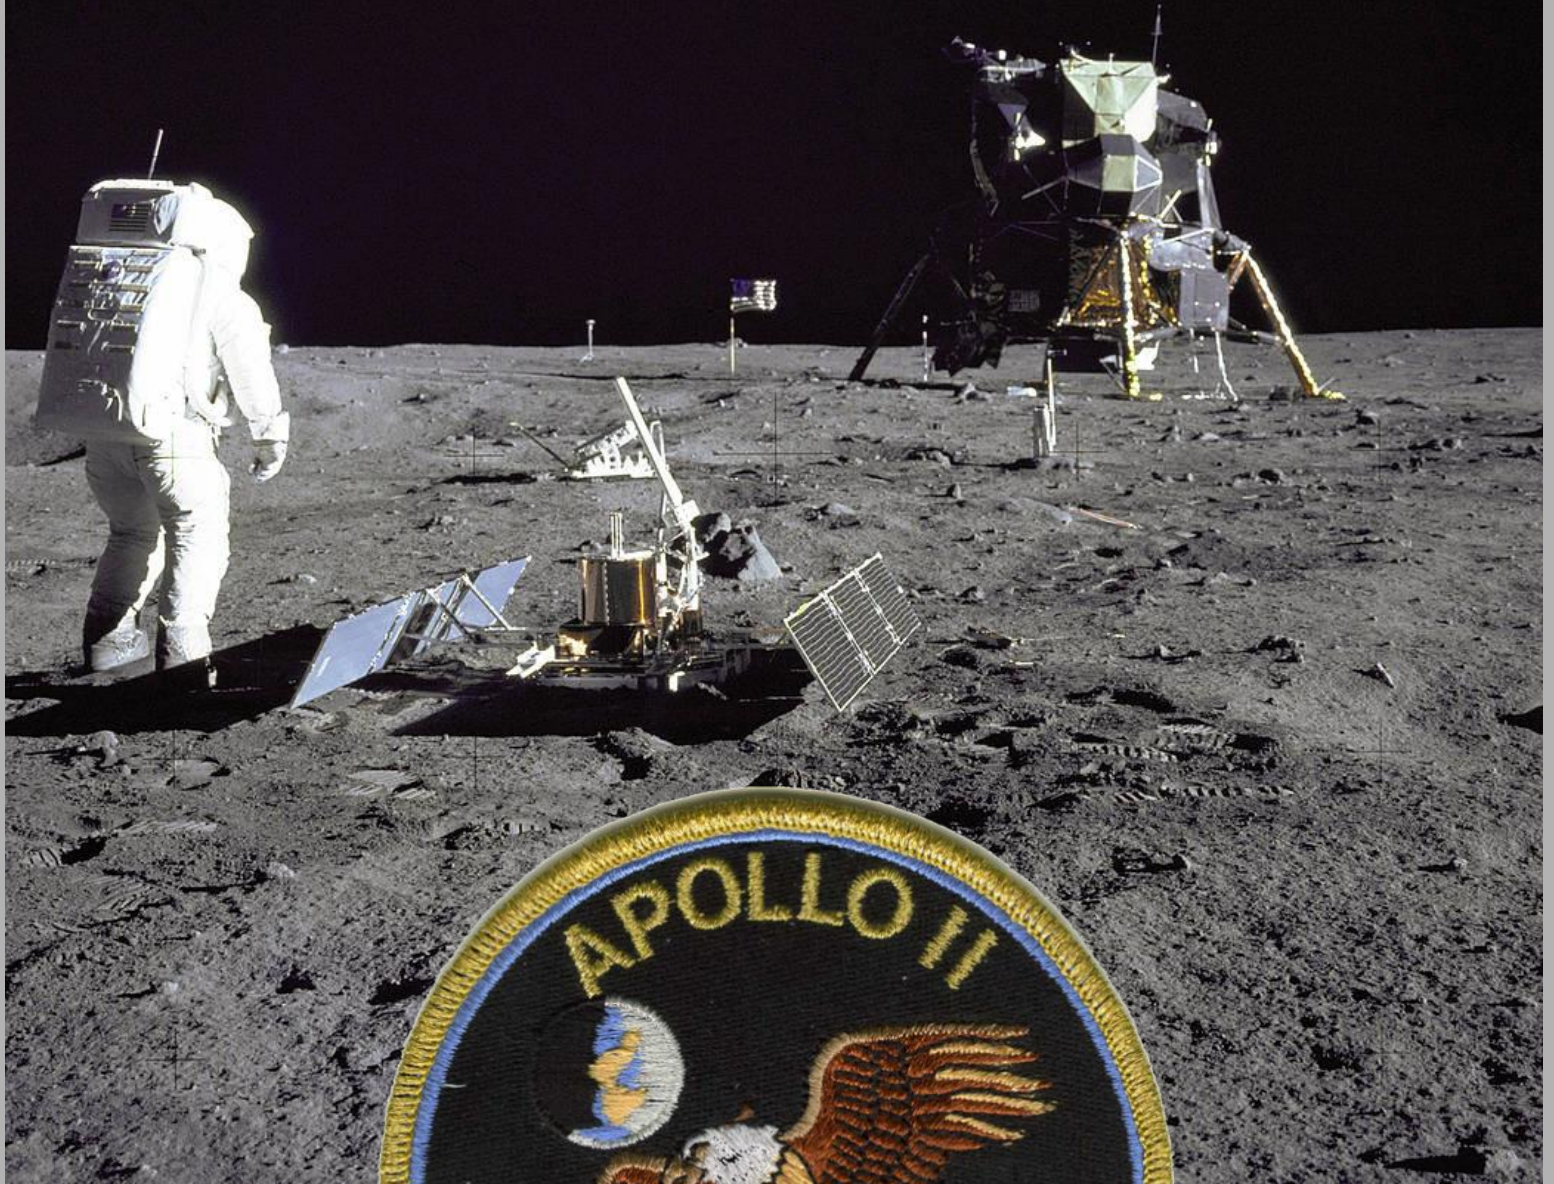

Make sure to drop me a line about any new sites you find! Till next month....

49 years ago Humans landed on the moon

20 July 1969 -- Astronaut Edwin E. Aldrin Jr., lunar module pilot of the first lunar landing mission, poses for a photograph beside the deployed United States flag during an Apollo 11 extravehicular activity (EVA) on the lunar surface. The Lunar Module (LM) is on the left, and the footprints of the astronauts are clearly visible in the soil of the moon. Astronaut Neil A. Armstrong, commander, took this picture.

That's all Folks!
