March 2022 Meeting Recap and Other News

Treasurer Hector Colón brought the meeting to order. There were 28 people in attendance. Hector stated that our next Show will be on **November 5, 2022**. The Show will again be held in Buildings 2 and 3 at the DuPage County Fairgrounds. He brought in three preliminary versions of the Show Flyer for meeting attendees to vote on after Show-and-Tell was concluded. All versions featured an image related to the Battle of Midway, which is going to be the show theme. **We will be hosting the Region 5 Show in 2024.** This will occur sometime between mid-May and mid-June (has to be held before the IPMS Nationals). Hector hopes that we can get Building 1 at the Fairgrounds for the regional show. We will not have our regular annual November show in 2024. For the Regional Show, we will follow the IPMS judging format rather than the format we use for our yearly shows. We will also have many of the model categories used at IPMS Regional and National Shows. A link to the 2021 IPMS category listing is: [0 \(ipmsusa.org\)](https://www.ipmsusa.org).

President John Novak discussed his attendance at the Region 5 IPMS Show on March 5 that was recently held in Madison, WI, and hosted by the Mad City Modelers. Hector stated that BOH will sponsor the 1/350 carrier category at the next National IPMS Show. He also brought in the Butch O'Hare banner that we will display at our future shows.

Show-and-Tell then took place (see these elsewhere in the Newsletter), the theme of which was "North Africa WWII." Our theme for April will be "On the Bench/Unfinished."

To All IPMS/USA Members

Many of us are shocked and saddened by the conflict in Ukraine. Just over a month ago Ukrainians were living their lives in peace and suddenly their cities are being destroyed, fellow citizens are dying, and many are fleeing for safety in bordering countries. Truly tragic and unnecessary.

Ukraine is the home of many great model companies. I've received several emails from IPMS/USA members asking how they can help not only these modeling companies but also those in need in Ukraine.

How can we help? There are many ways. You can contribute individually, as a chapter or in the case of the folks from Red River Modelers, at their RiverCon-2022 show from which they donated 10% (\$532) of their proceeds to Samaritans Purse, [https://www.samaritanspurse.org/our-ministry/ukraine response](https://www.samaritanspurse.org/our-ministry/ukraine-response).

There are many organizations which one can donate to. There's a good article from Forbes highlighting how one can donate to those in Ukraine, <https://www.forbes.com/advisor/personal-finance/donate-relief-to-ukraine/>.

I would highly recommend that one review the organization you want to donate to at this link:

Charity Navigator: <https://www.charitynavigator.org/>. Charity Navigator shows which groups are legitimate and the percentage of each dollar donated that goes to those in need. During a crisis like Ukraine and other natural disasters, the scammers come out willing to steal money of those in need.

Below is a list of the model companies in Ukraine. No one knows the status of these, but many have been warehousing and distributing their products from neighboring countries like Poland and Hungary.

Finally, a UK Publishing Company, Inside the Armor, is publishing a book called "Models for Ukraine". All the models in the book were built by Ukrainian modelers. THE FULL PROFITS FROM THIS BOOK will be donated to the Disasters Emergency Committee Ukraine Appeal to help refugees and civilians in the Ukraine. <https://www.insidethearmour.com/product-page/models-for-ukraine-book>.

We will keep you all updated if we hear any updates. Let's all pray this conflict ends soon and hope those in Ukraine will be able to start rebuilding their country.

The **Butch O'Hare Chicago Chapter** of the International Plastic Modelers Society (IPMS) was inspired by the accomplishments and **heroism of Edward Henry "Butch" O'Hare**, the U.S. Navy's first flying ace and Medal of Honor recipient in World War II. The original members of the organization therefore decided to take his name in memoriam. We welcome all those who have any level of interest in modeling to explore our web site and visit us at our monthly meeting.
