DECEMBER CLUB ACTIVITIES

Can you believe that another year is coming to a close? It seems that the older I get, the faster time flies. Winter is definitely here and we all know what means -- it is time to head into our nice and warm hobby rooms and get some modeling done. But we all know what else the end of the year means... It is time for our annual Christmas party. I have contacted the church to ask if we are allowed food and I have yet to hear back from them. SO... we are going to ask for forgiveness instead of permission. With that said, the club will be providing pizza and soft drinks. We will have cheese, pepperoni and sausage pizza. These are the **ONLY** things that belong on pizza. So, if you want anything else (i.e., pineapple), bring it with you and be ready to be ridiculed. LOL!!! Feel free to bring a side dish to share.

However, first things first. We will start the meeting by going over the results of the show. Despite the fact that it was spearheaded by our infamous president, we had a successful show. Second, we will have our **Annual Elections** for officers for 2024. So, if any of you would like to step up and serve the club for the upcoming year, this is your chance. All officer positions are up for election - President, Vice President, Treasurer, Secretary, Sergeant at Arms and finally Show Chairman. So once again, if you are thinking about stepping into a leadership role for the club. Now is your chance. So, to be the Grinch, no one eats until we have a full slate of officers.

We will also have our annual **White Elephant Gift Exchange**. For those of you who do not know what it is, here are the ground rules. All you need to do is bring in a WRAPPED model-related gift and place it in the pile. We will then draw numbers and each participant, in order, will choose a gift and open it. The next person will get to choose a gift from the pile OR 'steal' the gift from one of the previous unwrapped gifts. So, this is definitely a situation where you want to be last and not first. So just a couple of ground rules: (1) make sure you wrap the gift, and (2) if it is a model kit, please, Please, PLEASE make sure that the kit is complete -- instructions, decals and all parts included.

Well, that is about it, folks. See you in December and until then, keep on building!!!

Reflections on the 2023 Butch O'Hare Model Show

Hector Colon

Hello Butch O'Hare Model Club. I waited a few days before sitting down to write my annual reflections of our show. I needed to get my thoughts together into some form that not only makes sense to me but to you as well. First of all, I have a confession to make. I actually thought that our 2023 show was going to be a complete bust. I was afraid that our decision to initially cancel the show and move it to June of 2024 would have a negative effect on the outcome. BUT I am happy to report that the 2023 Butch O'Hare Model Show was a complete success. I will go over the specific results at our December meeting. I would like to take a moment to thank all the volunteers who helped with judging, registration, raffle, set up etc. This club would come to a screeching halt without your help.

Now there are quite a number of folks that I need to thank. First of all, John Novak, our illustrious or better yet infamous President. John insisted that we needed to have a show this year and I had my doubts but I can't argue with the results. Mike Knowski for all his hard work with organizing our vendors. Just one thing Mike, you're retired so stop thinking like a cop. Nick Digrindakis for taking over the raffle. Nick, you did a great job with a limited selection of raffle prizes. We promise that next year, you will have a better selection and variety. Omer Houston, our head judge. Omer you did a fantastic job in getting all the entries judged in record time. Jim Pinc – Jim you always give our club every last drop of blood you have. You stepped in and helped out in several jobs and you performed them with enthusiasm. Jim Fulkerson for also stepping in and helping out with registration and anywhere else I thought of putting you.

So, I will see you all at our December meeting. Until then – Keep building!!!

The **Butch O'Hare Chicago Chapter** of the *International Plastic Modelers Society (IPMS)* was inspired by the accomplishments and heroism of **Edward Henry "Butch" O'Hare**, the U.S. Navy's first flying ace and Medal of Honor recipient in World War II. The original members of the organization therefore decided to take his name in memoriam. We welcome all those who have any level of interest in modeling to explore our website and visit us at our monthly meetings. Our members interests range from aircraft, armor, automobiles, and ships to figures of all types, spacecraft, sci-fi, horror, and wargaming.
